

To whomever it concerns,

I am writing on behalf of New Jersey's Do No Call List and the Fed's recent contemplation on whether to turn over the DNCL that NJ has imposed. I am pleading that you leave NJ's DNCL in tact as it stands. This has been the greatest protection of personal freedom I have seen in my lifetime. To overturn such a statute would be mistake, an imposition of personal liberty and would set a terrible precedent in today's day and age of mass marketing.

Please make the right decision to let the NJ's DNCL stand unchanged.

Josh
